

Stable Realized by Flexible

- ▶ ~~No failure is required anyway!~~
- ▶ Flexible with failures.
 - ▶ What's non-flexible with failures?
 - ▶ Fail CI anyway if any task fails like ``set -e`` in the shell.
 - ▶ CI Steps are sequential, so...
 - ▶ Make CI/CD fail with depending on the commands.

Stable Realized by Flexible

- ▶ Let's categorize commands by their aspects
 - ▶ Lints
 - ▶ Reports
 - ▶ Testing
 - ▶ Assembling
 - ▶ Deployment
